OF CHEMISTRY TEACHERS

NEACT

August 17-18, 2018

Middlesex School

Concord, Massachusetts

“Challenges in Teaching Chemistry”

Keynote Speaker: Sam Kean, *The NY Times* best-selling author

Daily programs will include opportunities to attend four laboratory workshops and to participate in “Chemistry Camp”, a discussion of the real challenges that you are experiencing with other chemistry teachers.

Field trips in the area are in the works for Saturday afternoon.

Participants will enjoy the new **Clay Science Center**. Registration will be \$125 for both days with a light breakfast, breaks and a dinner on Friday night.

There is financial help (**scholarships**) for attendees, especially for first-timers.

*****PDPs** will be available for Rhode Island, Massachusetts and Connecticut teachers.

Additional information will be available at: www.neact.org

We invite you to propose a workshop at this conference. Please fill out this **PRESENTER FORM:**
<https://goo.gl/forms/9LCyLzGuU034xmNm2>

Volunteers to help with the conference are always welcome. For **further information contact:**
